

Secure Video on Android Device

Text message:

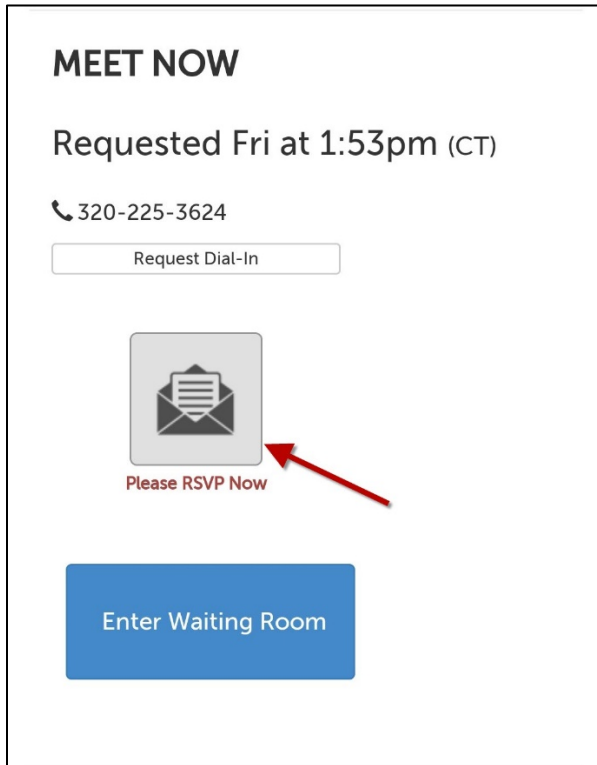

If you requested an invite via text message it will show up similar to the following image

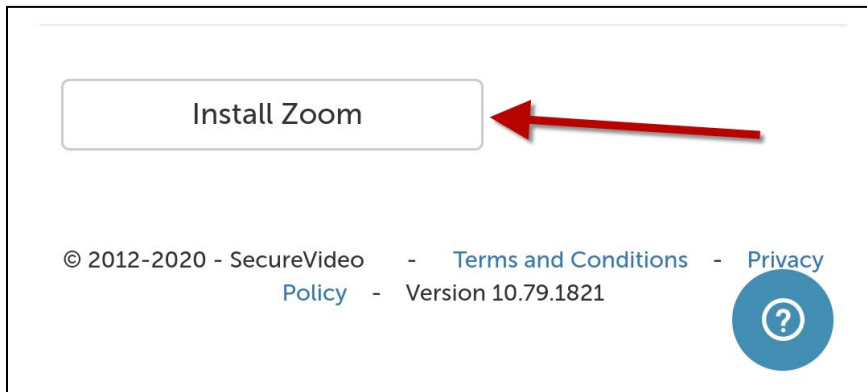

Open the text message and tap on the **link**

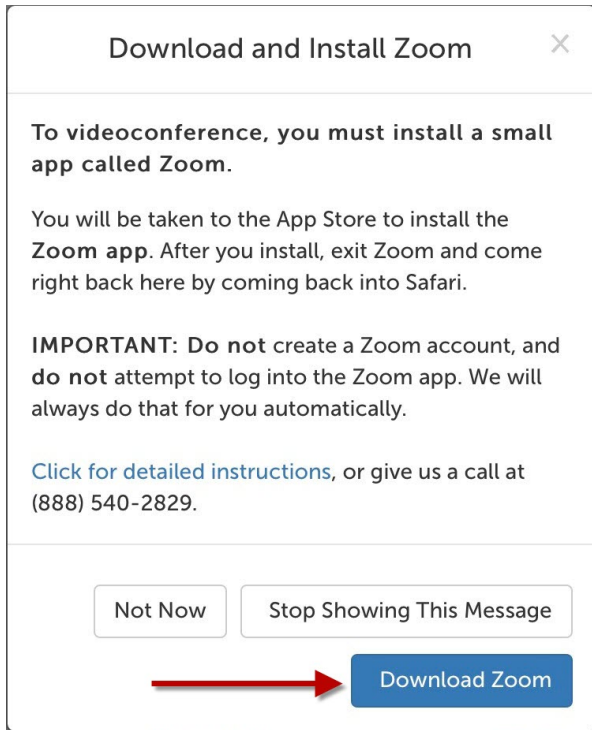

Tap **Please RSVP Now** and then tap **Yes, I Can Make It**

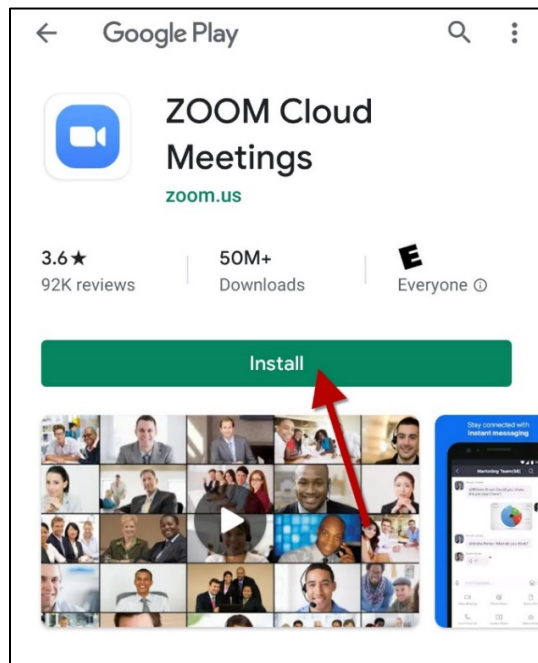

Please scroll down to the bottom of your screen and tap **Install Zoom**

Next Tap **Download Zoom**

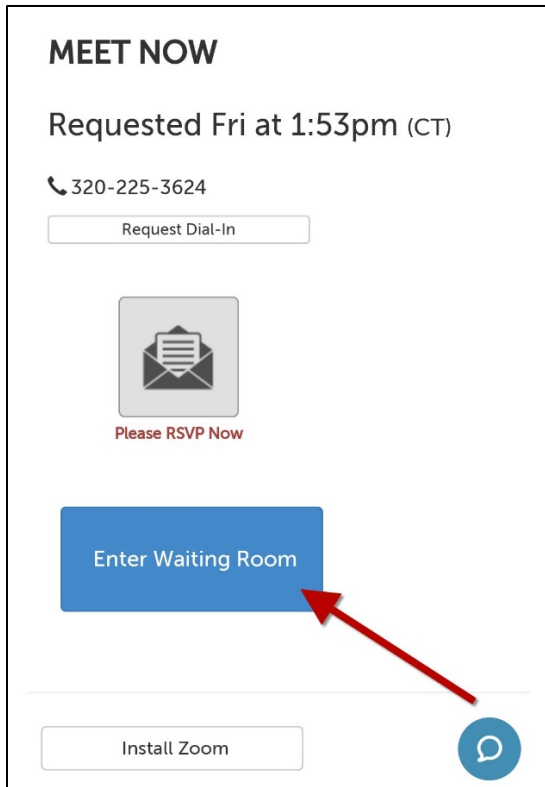

It will then redirect you to the Google Play Store to download ZOOM Cloud Meetings. Please tap the **Install** button.

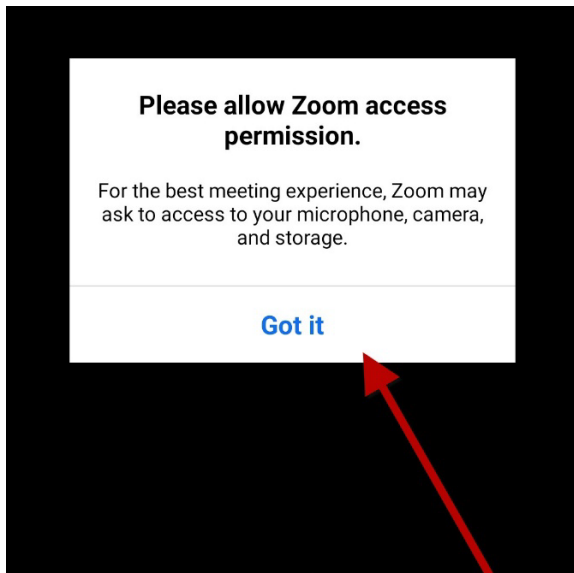

Once Zoom has finished installing please go back to your web browsing app

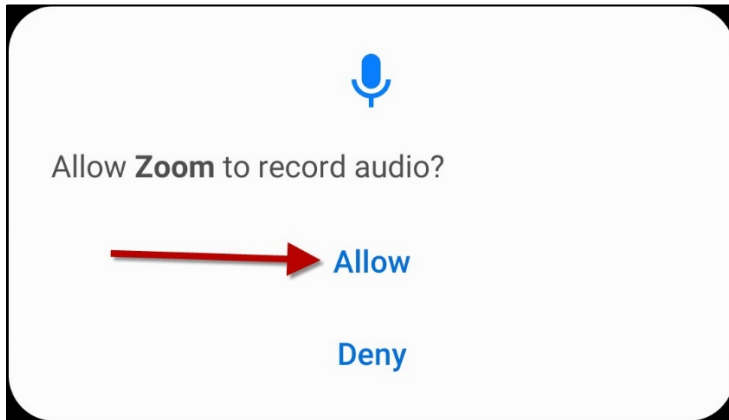

Tap **Enter Waiting Room** to join the virtual session with your doctor

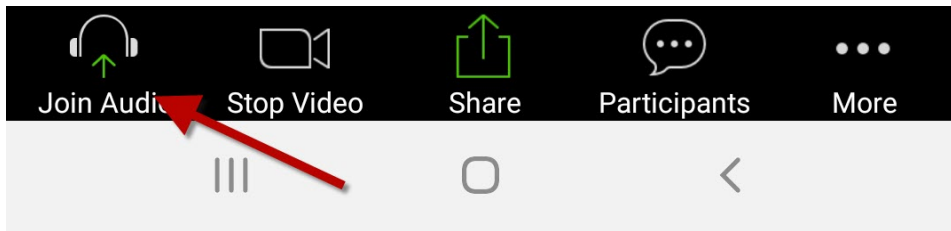

Secure Video will then prompt you to allow Zoom access permission, tap **Got it**

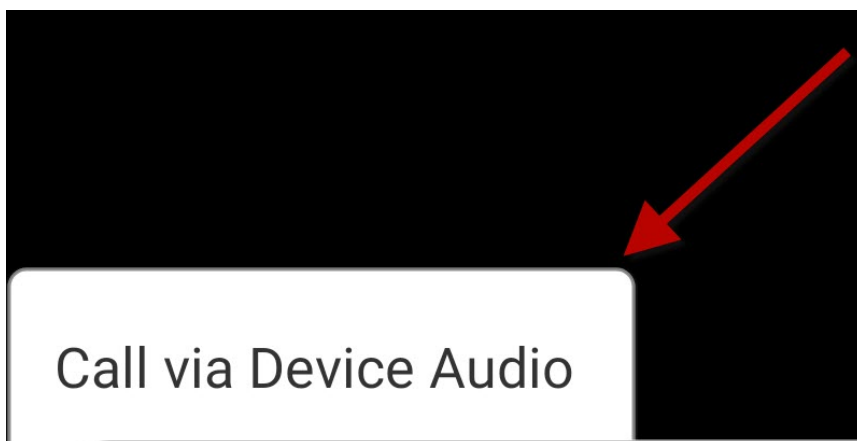

A popup will ask you to allow Zoom to record audio – please tap **Allow**

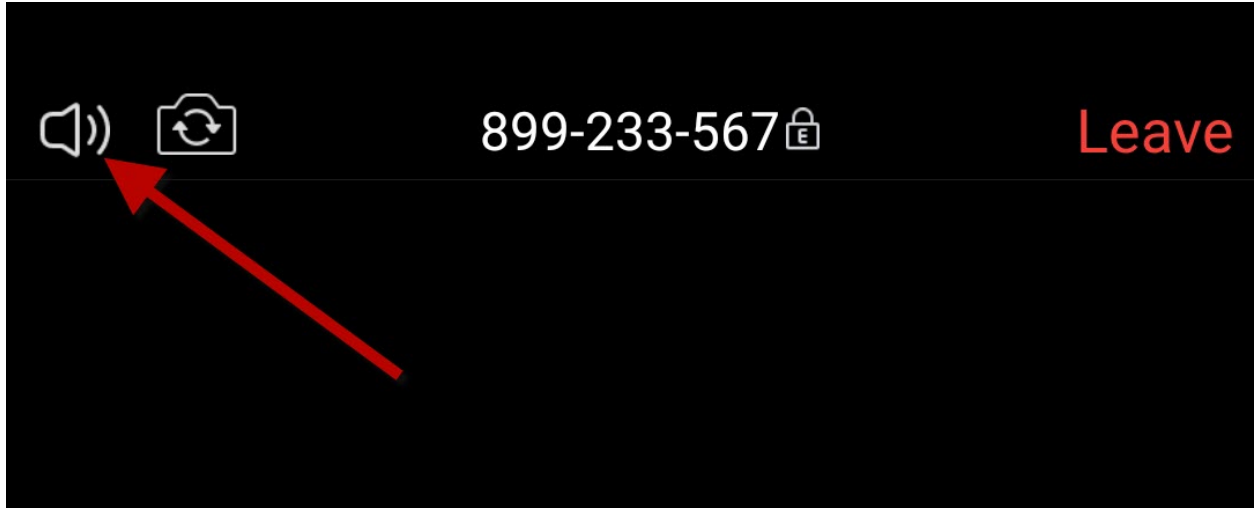

Next, to be able to hear your doctor tap the **Join Audio** button on the bottom of your screen

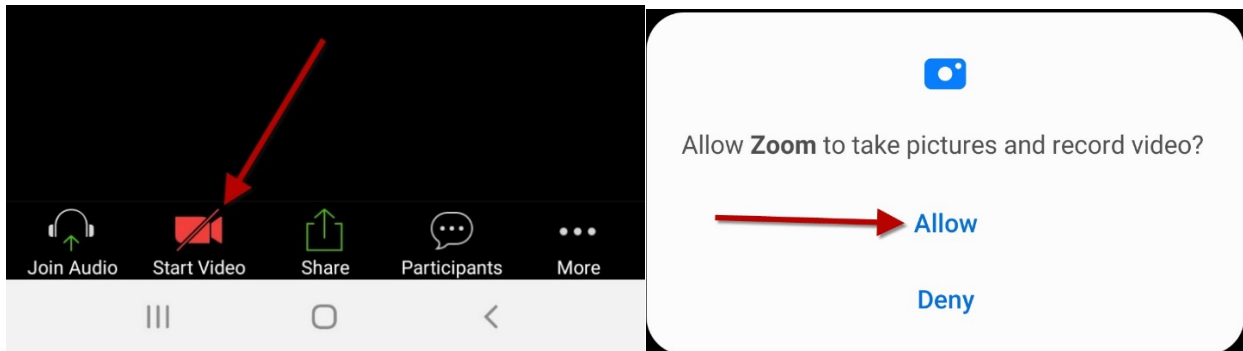

Then tap **Call via Device Audio**

Now, to use your phone speaker, please hit the **Sound Icon** in the upper left-hand corner of your screen

Finally, tap the **Start Video** icon on the bottom of your screen to allow your doctor to see you. Another prompt will popup asking you to Allow Zoom take pictures and record video tap **Allow**

When you are finished with your session please tap **Leave** and then select **Leave Meeting**
