

# SNACKLE BOXES

**Family-friendly, fun & healthy snacking!**

## ***Now trending – Tackle Box Charcuterie (aka Snackle Boxes)***

Enjoy this *creative and kid-friendly spin* on the traditional charcuterie board that is often served at parties and gatherings. Instead of using a traditional platter or board, arrange an assortment of meats, cheeses, fruits, crackers, and other snacks in the separated compartments of the tackle box trays.

The snackle box – “*charcuterie board’s cousin*” – is a portable, fun and very convenient way to enjoy charcuterie while on-the-go. Try one out for your next *neighborhood gathering, family picnic or day at the lake!*

## ***Looking for ideas?***

The types of foods you can include in your snackle box are virtually endless – common items include:

- *assorted meats: such as salami, prosciutto, pepperoni, beef jerky, etc.*

- *fruits (such as grapes, berries, sliced apples)*
- *veggies (such as carrots, cucumbers, celery, peppers, peapods)*
- *crackers or cubed bread*
- *spreads: hummus, mustard, honey, jelly or jam*
